

Sharpoint™ Microsurgical & Cardiovascular Knives

The hundredth Sharpoint™ knife you use will perform exactly like the first Sharpoint™ knife.

Our proprietary manufacturing process gives us complete control over the quality of every Sharpoint™ knife. From the selection of our medical-grade

round-stock steel to our grindless sharpening process.

This means we can give you complete confidence in the sharpness, consistency, and performance of your surgical knives.

Again. And again. And again.

INFINITE SHARPNESS.

- Proprietary grindless sharpening process helps eliminate the variables associated with traditional grinding methods.
- Manufacturing process produces a clean, uniform edge and a more predictable degree of sharpness that cuts with practically no tissue drag or distortion.

INFINITE CONSISTENCY.

- Virtually eliminates glare from microscope light.
- Won't compromise your visibility as you work.

INFINITE DESIGN.

- More precise/less traumatic than scissors.
- Facilitates precise dissection of vessels, nerves, and tissues.
- Trim vessel ends and prepare lumens prior to anastomosis.
